Carol Santora

Carol Santora lives on a horse farm in Maine, USA, and is moved to capture her passion and emotional response to horses and other subjects she paints. Her process of portraying the theme of horses is ever-evolving. It is a challenge to maintain a sense of experimentation and simplification while rendering horses in their clear essence – their spirits, souls, energy, and movement – and the particular way the application of paint reveals the desired outcome. A variation of the process

motivates the next series of paintings. As she immerses herself in the process of painting, intuition takes over. She feels the connection. She experiments; she learns; she understands; and her subject's image emerges. She reduces her paintings to their most essential elements, saying everything she needs to say about her subject. Her goal is to entice the viewer to become part of the process as they relate imagery to their own experiences.

**Faye
Delune**

I am a scientist and photographer living in the Washington DC area. Early on, I was mainly a landscape and wild-life photographer. As an outdoor photographer, I was fortunate enough to travel to many countries in six continents and capture many unique and beautiful moments. In the past two years, I have become passionate about portrait photography capturing the spirit and essence of people. Being a scientist, I love experimenting with my photography whatever the genre.

A chance meeting with Faye in summer last year led to this amazing shoot few months later. Faye is a very talented model and has been modeling for many years. During our photoshoot, we kept on discussing and experimenting during the photoshoot. Working with her helped me experiment with off camera flashes, helped me understand the process of incorporation of OCFs

during shooting with ambient light and hone my skills as a portrait photographer. I am so glad to have worked with her and looking forward to working with her again.

Sammiie

1- Tato Carboni (Heterônimo/nome artístico de Amauri Carboni Bitencourt) é professor de Filosofia do IFC – Rio do Sul - e Artista Plástico. Pinta desde 1998 e já possui um acervo em torno de 1.500 obras.

2- Suas pinturas estão em coleções particulares no Brasil, Japão, Espanha, Itália, Inglaterra, Uruguai e EUA. Em 2007, recebeu a medalha de Honra ao Mérito Artístico Cultural da União Nacional dos Artistas Plásticos (UNAP). Suas obras e textos estão impressos em catálogos nacionais e internacionais (Art Graphic/Barcelona/2003, Art-Artistas, Domani números 2,3,3 e 8, dentre outros).

3- Em 2016, seu poema Despertar Felino (poema feito a partir de uma de suas pinturas) foi publicado na Antologia Poética, da editora Vivara, poema selecionado no Concurso Nacional de Novos Poetas, da mesma editora.

4- Já realizou dezenas de exposições individuais e coletivas, tais como: Assembléia Legislativa de Santa Catarina, BRDE (Florianópolis), Casan, Embratel, Galeria Fin'Arte de São Paulo, Codesc, Uniasselvi, Unidavi, Esporte Clube Concórdia, Instituto Federal Catarinense e Fundação Cultural de Rio do Sul.

5- Tato Carboni se expressa essencialmente com cores vivas cujo contato com as obras procura

provocar no espectador uma experiência estética de transcendência, de composidades, de deiscência de tons.

6- Um dos desafios e objetivos é causar emoção no espectador – algo que faça “vibrar” seu ser, como se a pintura tocasse a sua essência.

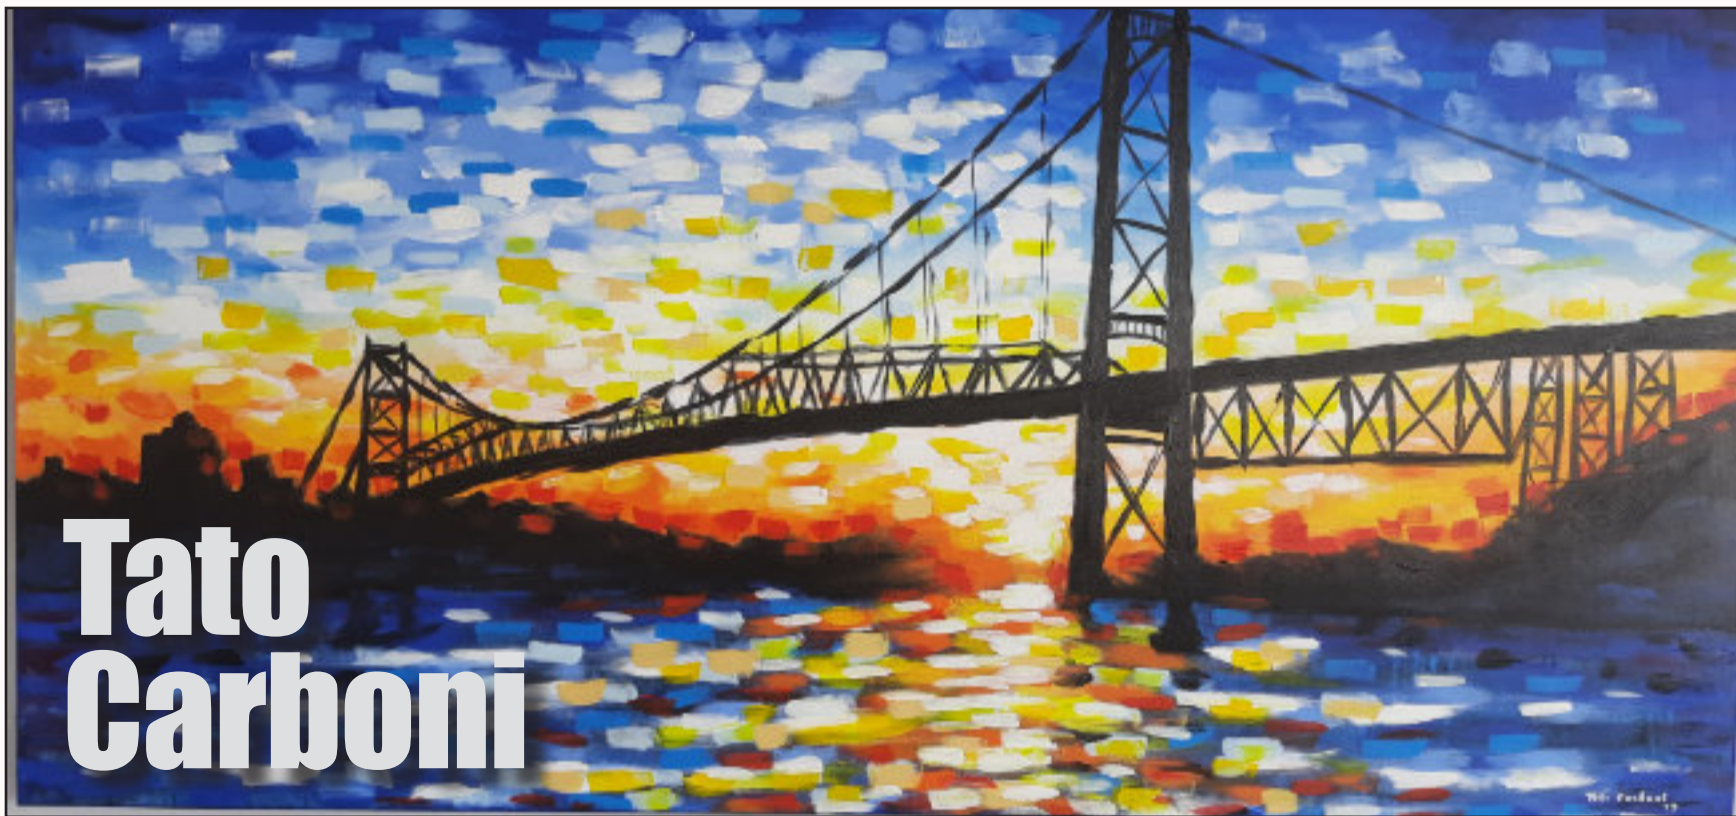

7- O artista procura levar o espectador a olhar a vida como um ato de expressão para além do mundo racional e cristalizado, numa ação em que o fazer artístico, torna-se uma maneira de estar no mundo. Este estar no mundo pode ser muito mais lúdico e salutar do que temos experienciado nos dias atuais – sem metas, sem pressões, sem expectativas... apenas olhar para ver, para fluir a própria vida, que pode ser mais criativa e colorida!

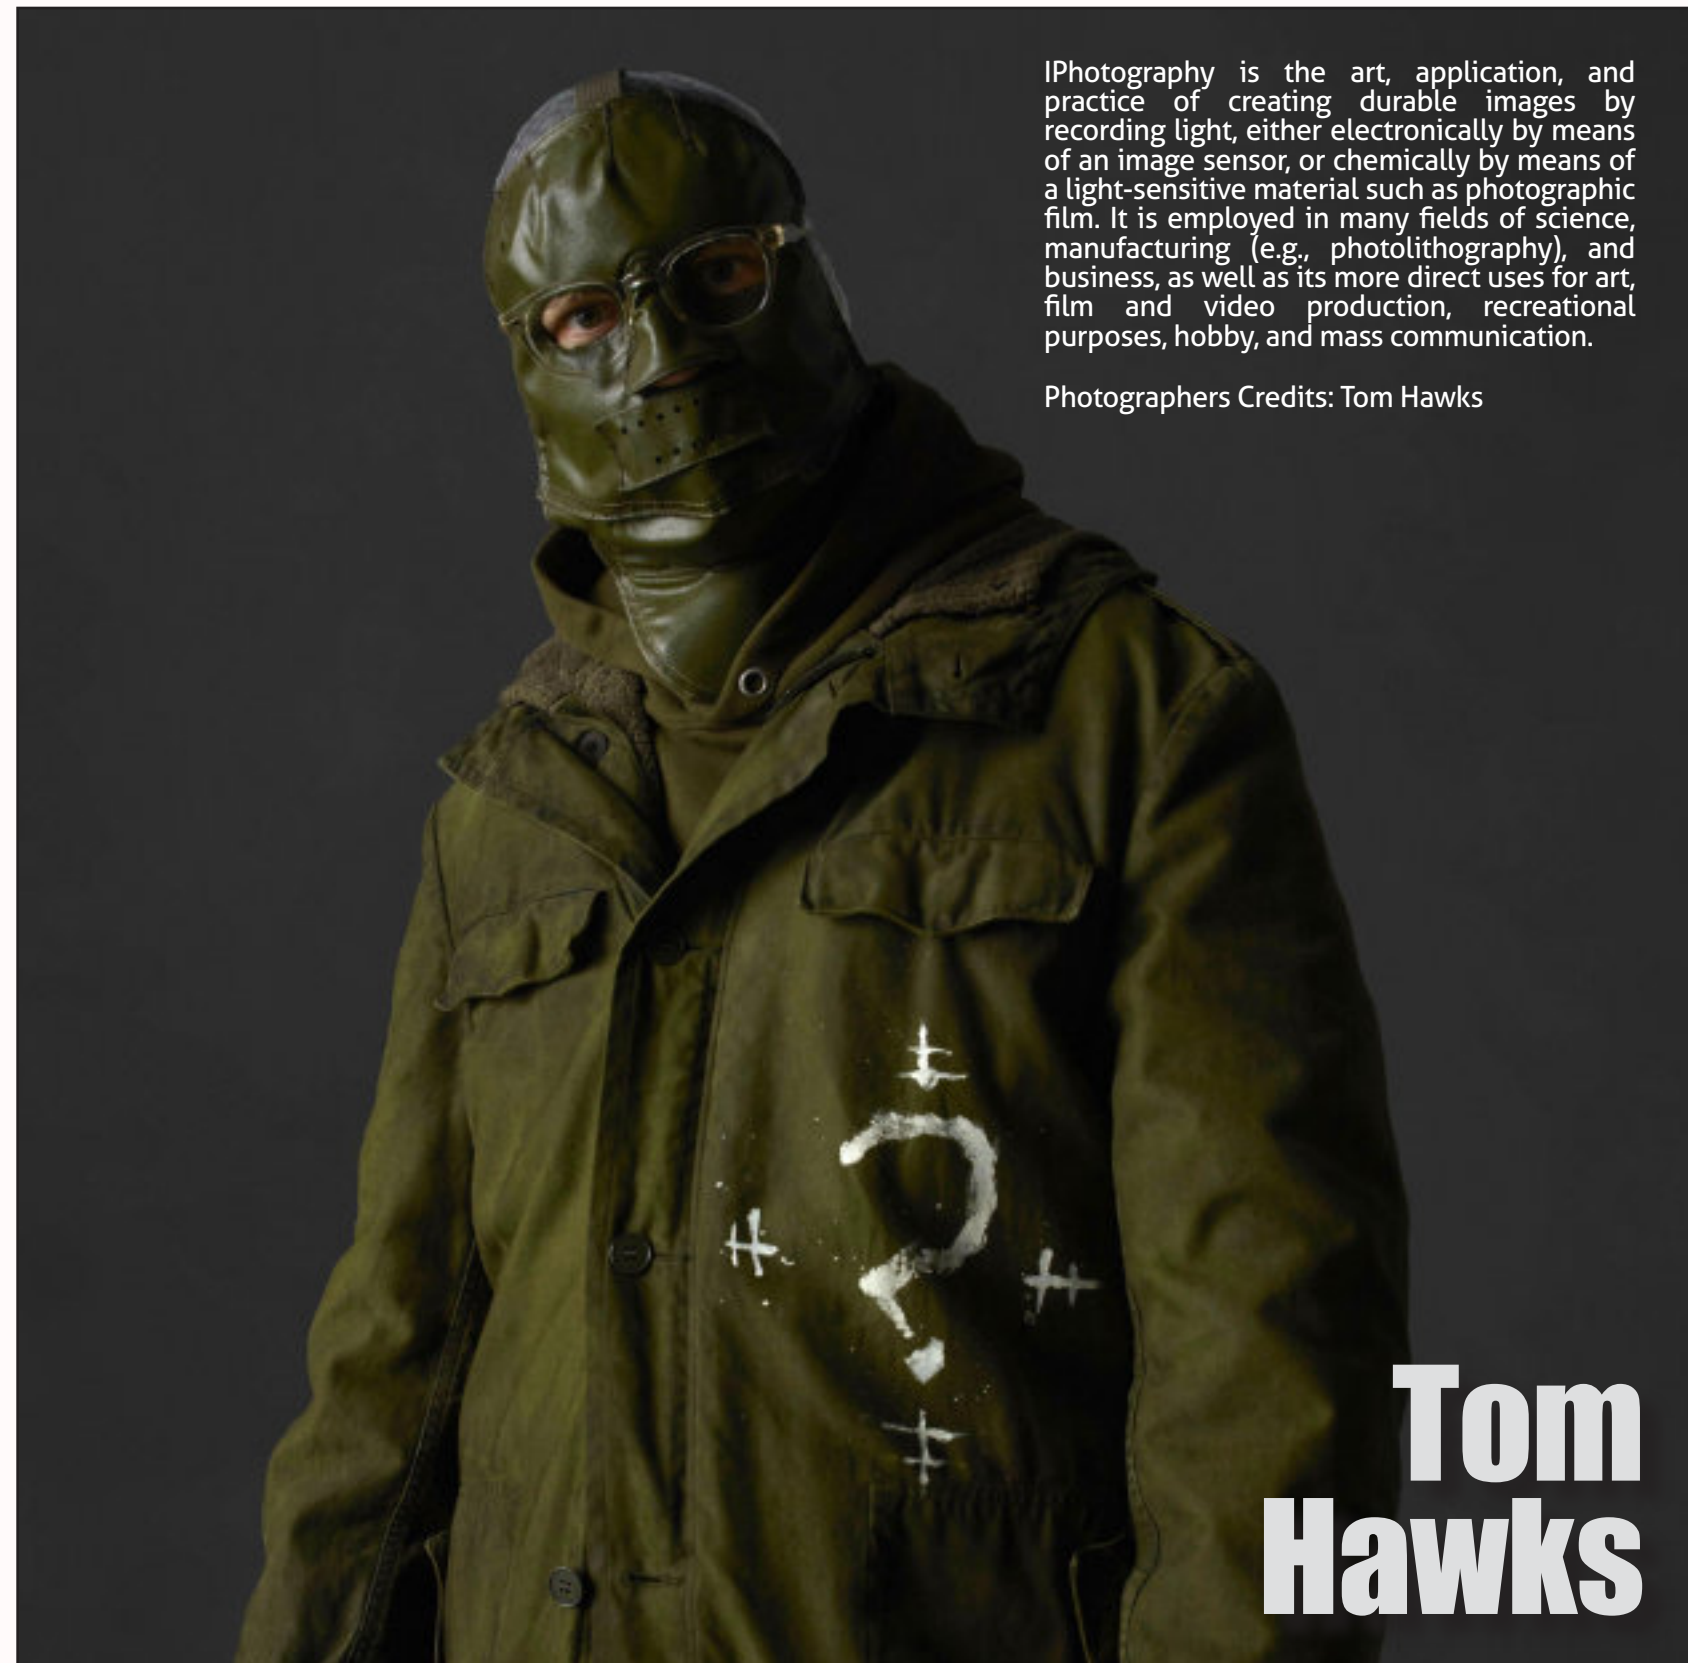

8- Tato Carboni quer provocar o olhar do espectador para que experiencie o mundo com outros olhos, outras lentes, outras cores! “Deixar os ambientes mais iluminados por meio de suas pinturas” é uma de seus objetivos e desafios.

9- Almeja se expressar de maneira a fazer da pintura uma meditação, algo que exceda o gesto da própria pintura – elevar-se, ultrapassar-se, iluminar-se, com ela! Também tem como objetivo expor suas pinturas em galerias e museus do mundo todo.

ЕВГЕНИЙ

ЕВГЕНИЙ

Привет! Меня зовут Евгений, я живу в России, мне 18 лет, учусь на юриста в РУК.

Я графоман, но постараюсь расписать всё коротко.

Совсем недавно меня бросила девушка. Искусство - моё спасение. Я никогда не рисовал, не писал картины, я даже не мог представить, что когда-то буду этим заниматься. Разве что я писал стихи и пытался начать писать книгу.

Я мечтаю не о деньгах и славе, я хочу словить миг популярности и донести до нашего поколения важные вещи, которые оно не способно понять без помощи со стороны.

Мои достижения на данный момент пока малы: продать картину для меня уже есть достижение.

Хотелось бы продавать людям из других стран, нести свою русскую культуру за пределы государства.

Моя первая цель - по весне заняться Тик-Током и попытаться выйти на большие массы людей с помощью съёмки процесса рисования на улице. На такие рисунки меня вдохновил Banksy.

Проблема у меня одна - сложно выйти на массу людей. Я пока не знаю куда присылать свои работы, но скоро я во всём разберусь.

Заходите в мой инстаграм! Там есть примеры моих работ.

Спасибо за внимание!
