# Kurt Levi Sabela

My name is Kurt Levi Sabela . I'm a 19 year old South African African aspiring Cricketer. I am a left arm medium-fast bowling all rounder. Firstly my goal is to play cricket in the professional stage in the near future. This of course is not easy to achieve but I have full confidence in my God-given talent and I know if I put in the hard yards I know I can make my childhood of playing

cricket at a high level possible. Playing sport like anything else comes along with its challenges I've had to go through failures and disappointments ,times where I was overlooked and I've never let those situations dishearten me. I'm a strong believer that every loss is just a learning curve. Many people won't believe in you and will even laugh at you but that's where the

mental part of sport comes in where you need to just block out all negativity and keep your head down and get back to work because sometimes it comes down to chasing a dream ONLY you can and it will pay off in the end . I am currently playing cricket in the UK ,in England as an overseas player for a club in Prescot in the north west of England. This on its own is a dream come true for me and proof of all my hardwork and perseverance. I am currently the leading wicket taker and 6th leading run scorer in

the whole of the league I am playing in known as the Southport and district premier league. This is definitely one of my biggest achievements being picked to play overseas. To conclude I know there is still a long road ahead of me and I will continue trying my best and working hard because I don't wanna look back on my life when I'm older and think "I should have done more ". TRUST GOD and TRUST THE PROCESS .
