My main dream or goal in life is to become a professional dancer. I've been dancing for 10 years and love it. The main reason I want to become professional is because it sounds like fun and I would put in all of the effort for this career

My dream is to be one of the best cheerleaders in the world. My goal for this year is to get my needle since I'm a flyer I work on my flexibility daily. I have achieved so much in my first 2 years cheering, got my back handspring, amazing flying skills, and have gotten so

much stronger as a athlete. Challenges I have are my jumps, but I'm working daily to over come this challenge.

My one biggest dream is to win the Cheerleading Worlds. Ever since I was a little girl, I have always wanted a Worlds ring. My main goal for this upcoming season is to just become the best athlete and teammate I possibly can be. I want to give every practice and competition my all. I cannot wait to build a really great bond with my team. I have had many achievements over my 14 years of cheer. I have won many major competitions, such as NCA, Jamfest Supernationals, ABKC, and UCA. I have been a finalist at Summit when I was on a Junior 4 team at my old gym, which was Elite Cheer. I globed in 2018 with Elite Cheer Stars, an XS level 6 team. I had many challenges through the 13 years I was there. I had many injuries; for example, scoliosis, partially torn achilles, tendinitis, separated rib, stress fracture, broken finger, and the list goes on. I was a flyer for the first 11 years of my cheer career. I ended up getting grounded and became a base. I honestly didn't mind become a base because I understood that I couldn't fly for my whole cheer career. I was excited to learn a new position and help out my flyers since I have been one. Once I graduated high school, I moved to Miami, Florida to be on TGLC. That was one of my dream teams. I had some challenges when I was there. Long story short, I ended up becoming an alternate. Since it was my last season eligible on a senior team, I wanted to be able to compete on mat. I ended up trying out for Cheer Extreme Senior Elite in Kernersville, North Carolina. I spent the last half of the season with them. I couldn't be more grateful for that opportunity. I won UCA and globed at the Cheerleading Worlds with them. I am now cheering at Top Gun Orlando for the 2022-2023 season. I have not found out what team I made, yet. I will find out very soon though. If you are curious what team I will be on, please follow me on Instagram @woahitssmiley

Novalee

Novalee is 10 years old and in the 5th grade. She began cheering at the ripe old age of 2 and competitively at 3. Novalee started cheering while at preschool in our local gym, University of Gymnastics, in Sherman Texas and officially became a gym rat. She started doing basket tosses at 3 and never came down. She cheered with U of G until they no longer had a team at her level and then moved to Texas Elite, in Pilot Point, Texas. Currently, she cheers on a junior 3 level and crosses over to a youth 2 level. While at Texas Elite Novalee has increased her skills and confidence. At all levels, she has been blessed to have the best coaches who believed in her and pushed her to be the best she can be.

In addition to cheer, Novalee takes her grades very seriously and maintains an A average and serves on the student council at her school. Her future goal is to own her own cheer gym and stay in the business forever. Novalee loves cheer and says they will have to kick her off the team and wants to still be cheering at 30. Cheer is not only a sport for Novalee but a family since she is adopted and has no siblings, her cheer family fills that void. Her teammates and friends are everything to her and she strives to never let them down. Novalee doesn't just cheer, cheer is who she is, and we can never thank the cheer world enough for this.
